# Machinery & Equipment AUCTION

## LEROY & VIRGINIA SOUKUP

319 438-6447

**Saturday October 20th, 2018 @ 10:00 AM**

We're pleased to be chosen to conduct this auction for two of the nicest people you could ever hope to know. After 55 years of farming they've decided to sell their equipment that was used on this small farm. The land has been rented for the past several years however nearly all items have been kept inside. Over the years this size equipment has become nearly impossible to find making a great opportunity for you to purchase it farm direct. We're estimating selling time of 30 minutes to perhaps an hour so we suggest your prompt attendance .... starting early to be done early for your convenience. No lunch stand (bring your own). Road parking only.

### AUCTION/FARM LOCATION

To be held at the farm 4800 Ford Road rural Central City, Iowa. From downtown 4 corners go east on Main Street to 9th Street (just before the railroad overpass) then north to State Street and go east and State Street becomes Ford Road ..... or on Highway 13 between Coggon & Central City just north of the railroad tracks go one-half mile east on Heatons Valley Road, then south on Red School Road one-half on mile to Rollins Road, then southeast 3/4 mile to Ford Road (no street sign), then south 1 1/2 miles.
